

Alaska Tactical Casualty Care

This course is designed specifically for the Alaska Police Officer who may be called upon to respond to a life-threatening injury in a dynamic environment using local examples, description of local resources, and utilization of local experts.

This course provides a systematic approach based on the Tactical Combat Casualty Care Guidelines developed by the U.S. Department of Defense, Defense Health Agency, and Joint Trauma System. Several variants have evolved from the basic curriculum targeting different audiences.

Students will be awarded 16 hours of Continuing education through APSC, and Certified Medical Providers will also earn 16 hours of CEU through the State EMS office.

Instructors:
Joe Livengood M.D. NRP FACS
Cody Royer EMTII, NAEMT, current LEO
